

Archerfield Airport Community Aviation Consultation Group
Terms of Reference

1. The Archerfield Airport Community Aviation Consultation Group (AACACG) is to act as a forum so that key participants in the operation of Archerfield Airport and representatives of communities surrounding Archerfield Airport can understand each other's activities and concerns.
2. Membership of the Group will be:
 - **Key participants from Industry:** Archerfield Airport Corporation, tenants of Archerfield Airport.
 - **The Community:** Federal and State MP's, Brisbane City Council (Executive and Council), Queensland State Department of Transport and Main Roads, Queensland State Department Local Government and Planning, Organised Community groups.
 - **Permanently invited Guests of the AACACG:** Airservices Australia, Civil Aviation Safety Authority (CASA), Department of Infrastructure and Transport
3. The Group will discuss issues/concerns of the community at large and airport tenants regarding the operation of the airport. These issues will include:
 - Aircraft noise and environmental issues: Issues regarding aircraft noise management and flight paths will be discussed and suggestions made to the responsible authorities, CASA and Airservices Australia, regarding noise abatement procedures and safety measures where these are applicable
 - Development of the airport: Archerfield Airport Corporation will provide information from time to time regarding plans for the development of the airport. This will include plans for future developments, steps being taken to implement the Airport Master Plan, ground transport and access issues, proposals that may increase or change aviation services, and any planning or regulatory policy changes that may affect the airport.
 - Ensuring effective complaints handling procedures are in place.
 - Reports by Airservices Australia and CASA on issues affecting the community.
4. Individual members of the Group note issues that affect them and can be actioned within their area of authority.
5. An Annual report will be compiled by the Chair and forwarded to the Minister for Infrastructure and Transport, and will be available on the AAC website.

General Information

- The Group will be chaired by an Independent Chair and secretariat services will be provided by Archerfield Airport Corporation.
- Individuals and Community Groups may be allowed to address the AACACG on specific issues if sponsored by an AACACG member and approved in advance by the Chair.
- The Group will meet 3 times per year.
