Rules and Conditions of Pedestrian Gate Use at Archerfield Airport

Upon entering/exiting through pedestrian gates, users must ensure the gate is closed and locked behind them and that no unauthorised entry is permitted to occur. Unauthorised entry and faulty gates must be reported to AAC immediately. Gates left open by users will be locked for an indeterminate period of time. Gate users are responsible for the actions of all persons entering Airside through their means and must ensure that all persons doing so are duly authorised or supervised at all times. The user does not have a right for compensation or damages because of a malfunction, interruption or termination of services associated with the pedestrian gates or intellectual property. AAC reserves the right to restrict access to certain gates and/or cancel/suspend user access for any reason it sees fit and at any time. Users must notify AAC immediately upon a change/cessation of their registered mobile phone number or contact details. Users are bound by the conditions within the Archerfield Airport - Conditions of Access and Use document.
